## DISCUSSES AGRICULTURE

Makes No YDD Promises but Assures  
Farmers of Nebraska Republican  
Party Will Do All It Can to Bring  
Prosperity; Meets Governor Bryan

By United Press.  
LINCOLN, Neb., Aug. 30.—Graduation was "expressed" by Charles G. Dawes, Republican vice-presidential candidate, with respect to the reception of his speech last night on the agricultural problem. Members of party pointed out that Dawes made no promises but simply declared there was a problem and that the Republicans would do all in their power to restore agriculture to prosperity.

Dawes departed from his set speech to attack Senator Robert M. La Follette, candidate for President on the independent ticket. A large part of the La Follette following stands being the "red flag" he declared.

Today Dawes and Governor Charles W. Bryan, Democratic candidate for vice-presidential, will meet for a few minutes' chat. The desire for the speaking is mutual. Dawes and Bryan are old friends, and political differences never affect sincere friendship, Dawes said. Dawes planned to spend a quiet day and depart for Chicago late this afternoon.

LINCOLN, Neb., Aug. 30.—Declaring the farm situation to be the most serious economic question now confronting the United States, Charles G. Dawes, Republican candidate for vice-presidential, today in an address here laid out his plan for the present administration in the contemplated appointment of an agricultural commission.

"We make but one promise—that the Republican party, utilizing the best minds and those by training best fitted for the task, will bend its every energy to the study of our agricultural problem to the end that through legislation or other means, its solution may be accomplished," Mr. Dawes asserted. "Whoever promises more than this is entering into a contract which cannot be filled."

The Republican nominee devoted the major portion of his address, delivered here in the heart of the agricultural Middle West, to the agricultural question, taking up the causes for the recent depression in farm prices, the remedies recommended and the prospects for the future.

Need for the appointment of an "important, bipartisan commission to study the economic condition of agriculture," is imperative, Mr. Dawes said, adding that "the recent improvement in the agricultural situation must not be taken as evidence that the farm problem has worked out its own solution."

The problem to be solved, he asserted, resolved itself into a question of finding how "equality in earning capacity can be secured between agriculture and industry."

Permit to erect a brick garage at Race street and Davidson avenue was refused C. L. Leshart by the City Planning Commission Friday evening. The committee ruled that this section of the city has been designated a residential one.

Mr. Leshart already has a frame garage, which has been the subject of controversy. The idea was to have the brick building replace it.

Hereafter the commission will meet every two weeks instead of weekly.

DEATH TOLL IN  
GASOLINE TANK  
BLAST NOW NINE

By United Press.  
PITTSBURGH, Aug. 30.—Two deaths today brought the death toll in the explosion of a 1,500-gallon gasoline tank at the Peoples Natural Gas Company plant late yesterday to nine. Three more are reported dying while eight others are suffering from burns. Gas fumes escaping from the tank are believed responsible for the explosion but an investigation is under way to determine the cause.

No arrests by police.  
No arrests were made by the police department over night.

High School.City Schools to  
Resume With Mid  
Term Smoothness

When the Connellsville Public schools reopen for the 1924-25 term on Monday, September 8, they will be in a new and improved shape. The entire force of janitors has been at work cleaning the buildings thoroughly during the summer months. Interior renovations were made in a number of the schools.

The work of cleaning the buildings for the opening date is practically finished. The board principals are now in their offices daily and will have the students assemble in their classrooms the first morning the machinery of the entire system will operate with mid-year smoothness.

Teachers have been procured for every grade and for the High School. They will begin to arrive about the middle of next week. Some are already here, or have been in the city long enough to make reservations for rooms. All books and supplies are here and distributed.

The greatest improvement during the summer has been made at the Third Ward building. There the paving of Jefferson street, on which the building fronts, has been completed and the Board of Education has laid a new concrete walk in front of the property. It will no longer be necessary for the youngsters to wade through a sea of mud to get to their classes in inclement weather.

In the Crawford School on the West Side the walls have been repaired in all the halls and rooms. This is the first work done in that building since it was erected eight years ago.

At the Second Ward the four rooms in the original part of the structure have been newly papered.

In the High School all the lockers and iron work on the stairs were painted and the woodwork throughout the spacious halls was varnished. An emergency lighting system was installed in the auditorium. In case power should fail, the exit lights will never go out.

In the South Side building the woodwork and seats were varnished. In the South Side, Second and Third Ward buildings and the original part of the Cameron Building pane blocks were installed on the doors. Now the door in no school of the city can be locked from the inside. In the High School, Crawford School and the new section of the Cameron Building these locks had already been installed.

All the wooden ash bins in buildings where those kind were in use have been replaced with sheet iron bins as a matter of safety.

The chimney on the Cameron School building is being raised 11 feet. This is to do away with the smoke nuisance. In past years, the smoke at times would hang close about the structure.

In all the buildings the boiler fronts and iron work on all fans has been painted.

Another Typhoid  
Case Is Reported

Another case of typhoid fever has developed in the West Side, the patient being Lawrence Egan, colored, of Second street.

Mr. Egan is 45 years old, was killed, and another man also colored, injured, when caught by a fall of stone Thursday night in the Gales mine. Nauway suffered a broken neck. He was married and resided at Footedale. Both men were employed as timbersmen.

River Falls.  
The Yough River fell during the night from .70 of a foot to .55 of a foot.

## BRYAN HURTS DEMOCRATS

By DAVID LAWRENCE  
Copyright, 1924, by The Editor

WALL STREET, NEW YORK, Aug. 30.—What do the men in the heart of the financial district of America really think about the forthcoming election to the presidency?

Talks with some of the leading men in "The Street" bring out first of all that the big business people want Calvin Coolidge, and Charles G. Dawes to be elected so that there will be no change in the existing attitude of the Administration toward business.

Conservatism hereabouts no longer means endorsement of candidates who will give special privileges, but keeping to power men who will not disturb things. Business is not after something so much as it wishes to be left alone.

When John W. Davis was nominated by the Democrats it was promptly assumed that because he was once attorney for J. P. Morgan & Company he would have the whole-hearted support of the country's interest would be protected at any cost. Six of the squadron of General Lu's airplanes were damaged last night by spies of General Wu Pei Fu, who crept up on the field and escaped after their work was finished.

LONDON, Aug. 30.—Troops of Dr. Sun Yat Sen, equipped with volunteer forces at Canton today and set fire to the city, destroying 50 shops, according to a Central News dispatch from Hong Kong. Sun Yat Sen now has been forced to leave the city and has been forced to remain in the mountains. The trouble started when forces of Dr. Sun seized 4,800 rifles, 4,300 Mausers and a half million rounds of ammunition consigned to the volunteer army which Canton mercenaries had recently organized to protect their lives and property.

Reparations  
Agreement Is  
Formally Signed

LONDON, Aug. 30.—The protocols of the Peace of London were signed by the diplomatic representatives of Great Britain, France, Belgium, Germany and other Powers shortly after noon today. Ambassador Kellogg of the United States was present at the conference today as the invited guest of the European nations. The United States did not sign the pact as American officials were not present. The signing was without ceremony and was a mere formality. Among the provisions of the act is one whereby Germany is to have a \$200,000,000 loan.

PARIS, Aug. 30.—Owen D. Young, one of the authors of the Dawes Young reparations plan, was officially appointed agent general of the reparations body today. His appointment is for a short time, merely to get the machinery of the body started.

Glenn McCarran, chairman of the board of the Mechanics & Metals National Bank of New York and one of the directors of the New York Federal Reserve Bank, was selected director of the new gold bank provided by the reparations plan.

WASHINGTON, Aug. 30.—A move by the United States and other powers to check the civil war spreading through China today was believed to be foreshadowed by the notes of the United States, Great Britain, France and the other nations delivered to the Peking government yesterday.

The notes, which stated that the Chinese government would be held accountable for injury to foreign life and property, was regarded as a warning preliminary to other action should the Peking government prove incapable of checking the disorders. State Department officials said the text of the note will be given out later.

SHANGHAI, Aug. 30.—Four United States destroyers steamed up the river and dropped anchor opposite the city today to reinforce the other American warships here to protect American lives and interests in the impending civil war. The river is now filled with foreign men of war whose commanders have announced a strict neutrality would be maintained, but that their countries' interest would be protected at any cost. Six of the squadron of General Lu's airplanes were damaged last night by spies of General Wu Pei Fu, who crept up on the field and escaped after their work was finished.

Reception for  
Dr. Arensburg Will  
Be Held Sept. 12

A reception for Dr. Louis F. Arensburg, commander-in-chief of the Grand Army of the Republic, will be held in Uniontown on Friday, September 12, in conjunction with the celebration of National Defense Day. The reception will be held in the evening at the American Legion home and a very interesting and appropriate program is being arranged for the occasion. Many Civil War veterans from the county are planning to attend.

Dr. Arensburg has taken an active part in the affairs of the Grand Army of the Republic for many years and the honor bestowed upon him is singular because of the fact that there have been but thirty-five national commanders previous to his election this month at the annual encampment of the Grand Army of the Republic in Boston, Mass. Following the celebration in Uniontown Dr. Arensburg will leave for St. Paul, Minn., where he will take part in a celebration being planned for the Civil War veterans of Minnesota.

J. H. Whorrie on Vacation.  
John H. Whorrie, reporter for the Courier, whose home is at Vanderhill, is off duty on a week's vacation. He expects to visit with friends and relatives at Youngstown, Ohio, today. Sunday he will visit at Bradlock and Monday he will be at Pittsburgh. Mr. Whorrie will return to his duties on Monday, September 2.

Moonslime Plant Found.  
Charles Davis of Junction will be arraigned before Justice of the Peace C. B. Aronson today to answer charges of possession of moonslime manure, factoring apparatus and transportation of intoxicating liquors. The home of Davis was raided yesterday by Constable C. P. Moon, who found an still.

IODINE WILL BE  
GIVEN PUPILS TO  
PREVENT COITREConsent of Parents or Guar-

## NOT TO TREAT DISEASE

That Is Held to be the Work of the  
Physician: Statistics Show That  
Iodine Will Prove 100 Per Cent  
Efficient in Preventing, 60 in Curing

Proceeding on the theory—based on experience in other places—that administration of iodine will prevent coitre, the authorities of the Connellsville schools will begin the treatment soon after the opening of the term. It will not be compulsory.

Letters will be sent to parents or guardians of all pupils of Grades 1 to 8 acquainting them with the plan and their consent must be given for treatment. A morning of each week will be set aside for the purpose and all pupils who are enrolled for treatment will be supplied with the preventive salt in chocolate tablet form. Letters will also be sent to the 25 physicians of the city asking their cooperation.

The Board of Education, under the direction of which the work is to be done, will not attempt treatment of coitre. The work will be purely preventive. Statistics show that in West Virginia use of iodine has proven 100 per cent efficient in preventing the glandular trouble, while where it has been developed 60 per cent cures are reported. However, treatment after the trouble has developed is held by the Connellsville school authorities to be for the physician.

Connellsville is in the so-called iodine belt. The soil is deficient in iodine, and lack of iodine has been found to be the cause of coitre, a water supply, through which it is taken into the system, being like the soil, deficient.

The proposed that the Board of Education take a hand in preventing glandular trouble was made at a meeting of the school board, to which physicians and members of the school board were invited, by Dr. Robert S. McKee.

At a July meeting of the School Board Dr. E. B. Edie was appointed a committee to study the matter with Superintendent B. B. Smith. Information was obtained from Akron, Ohio, Hammond, Ind., and Charleston, W. Va., where the treatment has been tried out with marked success. The West Virginia State Board of Health also furnished valuable data.

500 CASES LISTED  
FOR SEPTEMBER TERM  
COURT; OPENS MONDAY

About 500 cases are listed for the September term of Fayette criminal court which will open in Uniontown Monday. Many of these are liquor cases and pleas of guilty are expected, reducing materially the number that will be called for trial.

District Attorney E. D. Brown will handle all liquor cases tried. Other cases will be turned over to his assistants, A. D. Jones and Dean D. Surgen.

Court will open at 10 o'clock. The charge to the grand jury and the reports of constables are expected to constitute the work of the day, owing to it being a holiday.

Seventy-five pleas of guilty in liquor cases have been entered since the June term of court and all have been sentenced.

It is said 200 of the cases listed for September are for violations of the liquor laws.

District Attorney Brown has on hand as evidence liquor valued at between \$25,000 and \$30,000.

Judge J. Q. Van Swearingen will sit in Court No. 1; Judge E. H. Hepper in No. 2; Judge J. C. Work in No. 3.

42 INJURED IN  
CRASH ON NEW  
YORK CENTRAL

By United Press.  
NEW YORK, Aug. 30.—Forty-two persons were injured, several of them probably fatally, when the westbound Detroit and the Lake Shore Limited, passenger trains on the New York Central, crashed in a rear-end collision near Savannah, New York, at 1:40 this morning.

Damage for is believed to have exceeded \$100,000 and caused the accident. The injured were taken to Rochester.

Meat Dealers Will  
Close All of Monday

Business will be suspended, generally in Connellsville Monday, Labor Day. All the large stores will be closed.

In a meeting yesterday the meat dealers voted to close all day. Hereafter many of them have kept open part of the day.

## The Weather

Individuality in Clothes.

One Mother Says: I discourage my children from borrowing each other's clothes. I explain to them that what is becoming to blonde Louise does not look pretty at all on brunette Marion. I do not believe it makes them selfish not to lend things, and even though they are young they already have a sense of individuality in their dressing.

## Business Men Want Coolidge For President

Continued from Page One.

reflect accurately the feeling of the community. They want the status quo. They like Coolidge because he does not tear things up. As yet, "the Street" has not become perturbed over LaFollette and the possibility that the election will be thrown into the House of Representatives for decision, although it is one of the most commonly discussed topics at the luncheon tables. It looks as if there may be an election scare on this point later on for the friends of John W. Davis as well as President Coolidge are undoubtedly using it as a weapon to win support and assistance. Wall Street would be seriously disturbed if the election were indefinite, for a period of uncertainty is looked upon as hurting business. The solicitors for campaign funds are likely to paint gloomy pictures about that in order to gain support.

It is significant that most of the big men in Wall Street have been approached for funds to help the campaign. The financiers are somewhat chary of campaign contributions, especially after the recent series of investigations. The more they think Coolidge will be elected the less they feel inclined to risk anything by contributing money and it appears now as if the campaign will not get as much money from Wall Street as in previous years, though, to be sure this is only August and the cries of distress from the politicians are not set up as a rule till the last two weeks in October.

The financiers are somewhat chary of campaign contributions, especially after the recent series of investigations. The more they think Coolidge will be elected the less they feel inclined to risk anything by contributing money and it appears now as if the campaign will not get as much money from Wall Street as in previous years, though, to be sure this is only August and the cries of distress from the politicians are not set up as a rule till the last two weeks in October.

## HELPED HER IN EVERY WAY

So Writes Mrs. Trombley of Sharon, Vt., Concerning Lydia E. Pinkham's Vegetable Compound

Sharon, Vermont.—"I was weak and run-down, had a tired feeling and bearing-down pains. I saw an advertisement in the newspaper about Lydia E. Pinkham's Vegetable Compound and began taking it. It has stopped these bearing-down pains and other bad feelings, and has helped me in every way. I have so much faith in the Vegetable Compound that I keep it on hand all of the time and recommend it whenever I have the opportunity."—Mrs. LAWRENCE THOMBLEY, Sharon, Vermont.

Glad to Help Others

"I had pains in my back and sides for many months, and my work would have to be left undone at those times. My sister told me what good Lydia E. Pinkham's Vegetable Compound was doing her. So I tried it, and from the third bottle I was well and every one thought I looked better. I am glad to help others regain their health, and you may use my testimonial."—MABEL HARTMAN, 1824 Greene Ave., Brooklyn, N. Y. You must believe that a medicine that has helped other women will help you. You should try it.

## Prince of Wales At White House

By United Press.

WASHINGTON, Aug. 30.—The Prince of Wales and his party at 1:30 A. M. and was escorted to the White House by Secretary of State Hughes.

The crowd which gathered outside the station and along Pennsylvania avenue, in which women predominated, gave the royal heir a tumultuous cheer as he drove slowly by.

The Citizens National Bank of Connelville still have safety deposit boxes renting for \$3.00 to \$5.00 a year in their fire and burglar-proof vault. If you have never had a safe deposit box— you are not aware of the protection you receive for all of your valuables and precious keepsakes. Entrust them to our care and be without the continuous thought and fear of their loss when you are away from your home. Everyone can afford the small cost of rental. The Citizens National protects them.—Advertisement.—29-30aug

Visiting at Dawson.

Mrs. Jennie McElwain of Wilkesburg is the guest of her parents, Mr. and Mrs. W. H. Parkhill of Dawson. Her daughter, Mrs. Paul Craig, also of Wilkesburg, who has been a guest at the Parkhill home went to Uniontown last evening to visit relatives.

## VOLSTEAD ACT WILL STAND, SAYS SCOTTSVILLE WOMAN

GREENSBURG, Aug. 30.—The final day's sessions of the Westmoreland County Woman's Christian Temperance Union convention closed last evening at Christ Reformed Church at Latrobe, with a prayer service presided over by Rev. John P. Strayer, pastor of the United Brethren Church, pronounced the benediction. The opening devotional service was conducted by Mrs. A. S. Johnson.

In the reports from various leaders, it was shown that much work was done during the past year among foreign speaking people. Classes of jelly and pairs of shoes were distributed. Mount Pleasant reports four Italian members; Greensburg, two and Scottdale, one.

Mrs. Lucy A. Poole of Scottdale county president, in making her annual report said "There never will be a line taken out of the Volstead Act. We will vote for every man who stands for it. There is nothing quite so vital to our government as enforcement of the law. Women are mobilizing for great things. When they tell us there is more drinking than ever we wonder how many hip flasks are needed to make a saloon."

26 True Bills Against Wegley

GREENSBURG, Aug. 30.—Twenty-six true bills against William F. Wegley, local attorney charged with irregular use of clients' funds, were returned by the grand jury at 5:30 o'clock last evening. None of the bills considered was turned back by the jurors. Approximately the same number remain to be considered when the grand jury reconvenes Tuesday morning.

This is the first time in the history of the Westmoreland courts, according to the memory of old timers, that a grand jury has found it necessary to continue its work into the second week.

The consideration of the Wegley indictments will be completed Tuesday unless unforeseen difficulties arise.

Divadas Easily Beat Browntown

"Hats" Durbin was too much for the Browntown Independents of Scottdale yesterday and the Divadettes easily routed the Fourth Warders by a 7-1 score at the Dickerson Run grounds. Only brilliant holding on the part of the Mill Towners in the early stages of the game kept the score from being larger.

Porterfield worked on the mound for the Browntown side and was nipped for 12 safe hits. He issued one free ticket and hit one batsman. Durbin gave a remarkable exhibition in twirling, letting the visitors down with one safe single. He effed 10 men and hit two business batters giving a free pass to the initial bag.

Sells Moore Farm.

Justice of the Peace C. B. Arison of Vanderhill sold the George C. Moore farm near Waltersburg yesterday to James E. Jackson of Uniontown. The purchase price was said to be \$5,000.

## At the Theatres

### The Paramount

"THE HELLION"—Featuring J. B. Warner, provides splendid entertainment today at the Paramount. The story deals with a remarkable young woman, which every picture patron will want to see. It is based upon actual facts, recorded since the early pioneer rush to the far west. A young woman ruled hundreds of men who knew no law except that of the six-shooter, and won the most desperate characters were babes in her hands. Was it hypnotic power, or simply nerve, or what? Anyhow, see what happened to one of the most remarkable women in history or fiction. Monday and Tuesday, "Hook and Ladder" will be shown.

### The Soisson

"PAL O' MINE" is the leading attraction today at the Soisson. In the making of "Pal O' Mine," which was screened from Edith Kennedy's famous story, the producers made no oversight or hasty selection of the director, who was to handle the production. They went over the field very carefully and after due deliberation decided that the man to do the trick was Edward J. Le Saint, who bears an enviable reputation for having put on real screen successes. Monday and Tuesday "Between Friends" will be shown.

### The Orpheum

"LITTLE ROBINSON CRUSOE" on view today at the Orpheum, presents Jackie Coogan in the stellar role. The story adapts the old Robinson Crusoe tale to the uses of a boy hero, but instead of the deserted island being uninhabited, it is filled with cannibals. This premise is carried along into a thrilling climax of adventure when Jackie is taken by the natives for a white god, and he saves the white settlement. The supporting cast includes Tom Santachi, Will Walling, Gloria Gray, Bert Spotts, Eddie Bond and Ted Dwyer.

### The Orpheum

"A SOCIETY SCANDAL"—In which Gloria Swanson, popular Paramount star is seen in the leading role, is the Labor Day attraction at the Orpheum and will also be shown on Tuesday and Wednesday. Miss Swanson has the role of a society beauty who, involved innocently in a compromising situation with a rotter, is sued for divorce by her weakling husband. On the stand her husband's lawyer, a handsome young, and over-zealous attorney, tears her reputation to shreds. Whereupon it becomes the fair divorcee's chief aim in life to humiliate the lawyer in some way for the ruin he has wrought upon her socially. The plump manner in which she accomplishes her purpose and the surprising result are pictured in a most engrossing manner.

### Dawson

DAWSON, Aug. 30.—Miss Florence Cox of Ohioyle is visiting friends and relatives.

The Cochran building on Railroad street, next to the pool room, has been remodeled and painted and will be occupied by the Keystone Grocery Company.

Mrs. S. W. Jinks and son, S. W. Jr., were Pittsburgh visitors Thursday.

Russell and W. B. Moon attended the sportsman's picnic Thursday at Shady Grove.

## Players in Uniontown Tennis Meet Will Be in Connellsville Tourney

Everything Ready for Opening Events on Monday, Labor Day.

### WILL USE THREE COURTS

According to the members of the tournament committee of the Connellsville Tennis Association, who are engaged in the play on the courts of the Uniontown Tennis Association in the tournament being conducted there, a number of the players participating in the courtiest event will be in Connellsville for the first annual open tournament of the local association on next Monday, Tuesday and Wednesday.

Kier Boyd, who looks like a possible winner of the Uniontown single match, has already filed his application here, and others, anxious to stop him at Uniontown, are anxious to get another "crack" at him, will be here.

Being the first big tournament of the kind ever arranged for Connellsville it is attracting considerable interest. Spectators will be provided with seats at the courts. Three courts will be brought into play for the tourney. These will include the double courts of the association and the Keady court, on the opposite side of Pittsburg street.

Arrangements are being completed for the entertainment of the visitors while they are here.

### Of Interest to Fans.

The Pirates defeated Cincinnati yesterday at Forbes Field, 5-4. At the same time Dizzy Vance, the Krumpholtz and him play the Giants and the Smoky City outfit, edged up within four games of the league leaders. It was the 11th straight for Vance.

Washington won its second from the Yankees and bolstered its position in first place. Walter Johnson had a lot to do with the 5-1 victory. The Swede struck out seven men, getting Moulton three times.

Turning what appeared to be an invincible defeat, Edwin W. Semans, Uniontown golfer, won the annual Invitation tournament at Bedford Springs yesterday, defeating James P. Lappan of Pittsburgh in a 37-hole match.

The final game between the Scotland Independents and the Homestead Grays was scheduled for this afternoon at Scotland.

Two new pitchers will make their appearance in Uniontown uniforms in the two games scheduled with the Homestead Grays for Monday. They will be Gatchell of Scotland, who batted Holmick in a ten inning pitchers battle Wednesday, and Carpenter, of the Martin Furniture Club. The first game Monday will be called in the morning at 10 o'clock with the second at 4 o'clock.

### Normalville

NORMALVILLE, Aug. 30.—Mr. and Mrs. Russell Porterfield and children, Evelyn, Betty and Lester, William Krumpholtz and Miss May Hall, all of Connelville, motored to Normalville Sunday and spent the day with Mr. and Mrs. John Burger of Connelville. The week-end, with their son and daughter-in-law, Mr. and Mrs. John Burger, Jr., of Rogers Mill.

## On Th' Labor Vote

SOMEWHAT DISFIGURED, BUT STILL IN THE RING

The old labor vote stave has been renovated and rubbed with arnica and led into the political arena for the fall campaign.

What is this thing called the labor vote, and who's going to lead it? The polls, and what will the party get out of it?

We've been around a good many years and we've never seen the labor vote huddled together on parade in the polls.

What is a laborer's man? A laborer's man is a fellow or woman that works in a stone quarry, or a bank, or a foundry, or a grocery, or a livery stable, or a millinery store, or a dry goods store, or in fact anywhere that works for a living or just keep out of mischief.

We don't have to wear blue denim and be organized and pay dues to be a laborer.

A fellow kin be a laborer and wear nifty clothes and paddle his own canoe.

For ever' laborer wearin' overalls there's thirty workin' just as hard as their best clothes.

Workin' people have all sorts of different ideas as to how the country should be run.

Fish Buckley, master horse clipper of the O. K. livery barn leans toward Wall street and Niles 'Winnar's' son-in-law don't do nothing but argue in favor of a silver duty on sugar when it comes too hard to do common work.

Take the First Voters' Coolidge Club! All three of them work, and work hard at the Monarch 5 & 10 store. Take the First Voters' Davis Club! All of them would work if they could.

We know a fellow and his wife that are both workin' hard to pay for a home, but they vote in opposite directions. She says she's a laborer's wife, and he wants to take the railroad.

There's no hard and fast rule for votin'. For years the farmer, the most down trodden laborer of all, never thought of votin' if there was anything to do about the farm. Of course if it pours down rain he'll knock off and pour down, rain he'll knock off and pour down, rain he'll knock off and pour down.

If we was managin' a big political party with a couple of million dollars I spend we wouldn't worry a minute about the labor vote. We'd go after the indifferent vote, the millions of people who never vote one way or the other, no matter what's involved.

Many a good candidate has been snowed under while waitin' for the "labor vote" to show up.

# New Headlight Law Will Be Put In Force Sept. 2

The new Pennsylvania headlight law will be put into force after Monday, September 1. Connelville motorists will do well to check up and see that their equipment conforms to the statute or face the probability of encounters with the Motor Patrol.

The new law, designed for safety in night driving, not only provides for the installation of officially approved headlights, but also for the proper focusing of the lenses. There are, therefore, two important points in getting your car ready to pass the city and State officers who will be on the lookout after September 1.

First, see that your car is equipped with a pair of lenses on the approved lists below. If your car carries headlights as standard equipment, use one of the following tilted type or lenses:

Standard, Alpha, Bosch & Lomb Deglareseco, Dodge Brothers (8 1/2 inches only), Duxford (8 1/2 inches only), Hudson (8 1/2 inches only), Johnson, McKelvie, Monogram, Paraholite, Spreadlite.

If your car is equipped with non-tilt headlights use lenses of the following list:

Smith, Baurer, Conaphore, Clear F, Conaphore Novel F, Dillon Type 1, Holophone 355, Legalite M-11, Lee Knight, Liberty Liberty Type D, Macbeth Type D, Osgood B-24, Paterson.

Then after equipping with proper headlights, lenses, do not neglect the next important ruling of the law—have them properly focused and tested. This is not difficult to do yourself.

Install the proper lenses and proceed as follows:  
Drive your car on a level spot about 25 feet from a vertical wall. Measure the distance between the center of your headlights and the road reproduce this distance on the wall and draw a horizontal line. This line, therefore, will be in a horizontal plane with the center of your headlights. All of the light projected forward by your headlights falling above this line will not hit the road.

All of the light falling below this line will hit the road and will produce road illumination for you. Blind one of your headlights. Turn the headlight burning, move the screw in the back of the reflector housing until you secure a pattern of light on the wall of the narrowest vertical dimension. It by turning the screw to the right the pattern of light increases in its vertical dimension, reverse the direction of rotation, turning the screw to the left.

If, on the other hand, it so happens that by turning the screw to the left you increase the pattern of light in its vertical dimension, then turn the screw to the right. If you turn the screw too far the vertical dimension of the light pattern will increase after the critical point has been passed. You, therefore, will have no difficulty in determining when you should stop in this process of adjustment.

Of all the lenses appearing upon the approved list of the Highway Department are so designed that a notice can tell when this correct focal adjustment is secured.

The Pennsylvania Motor Vehicle Act requires each car to be equipped with two headlights with 21 candlepower bulbs and legal lenses or other approved devices. A revised list of legal

EFFICIENT CLEANING Done best by

## THE HOOVER

It Beats—as It Sweeps—as It Cleans.

There are three kinds of dirt in your rugs, namely surface dirt (dust, scraps and crumbs), clinging litter (threads, hairs and lint), and embedded grit (heavy, gritty street dirt, ashes and sharp sand)—of these the latter, which sifts down into the rug and is hidden from the eye, not only is the most difficult of removal but also the most dangerous, for it actually grinds off the soft nap under shoe pressure and the rocking of chairs.

Only a beating can shake out such nap-wearing, hidden grit. And only The Hoover beats rugs electrically, on your floors, without scattering the dirt. In addition The Hoover electrically sweeps up the clinging litter while the powerful suction is drawing up the beaten-out, swept-up dirt into the dust-tight bag.

The Hoover is the one electric cleaner that can be guaranteed to get all the dirt and so prolong the life of your rugs, for it is the only one that combines the three essentials of thorough cleaning.

Come in today and let us show you what wonderful things can be done with the use of
